

## PRELIMINARY CEASEFIRE TALKS:

The Karen National Union is always looking for an opportunity to solve the conflict by political means. Because of this basic principle we have engaged in 5 previous ceasefire<sup>1</sup> talks that have broken. These ceasefire talks failed because the successive governments did not respond by political means to the negotiations.

After the new Burmese/Myanmar government established its office, President U Thein Sein on 30 March 2011 stated in his inaugural speech that he wanted to build national unity by addressing the decades of armed conflict with the ethnic nationalities. This was then followed up on **18<sup>th</sup> August 2011** with an announced for peace talks. Four months later, the KNU held an emergency CSC meeting on 8-11 November 2011 to discuss this invitation to peace talks and it was during that meeting that the KNU decided to join the peace process. At the emergency CSC meeting a 7 members **Peace Building Committee** was formed, whose mandate was to handle the peace process and respond to the Governments announcement and call for peace talks. The committee consisted of:

P'doh Saw David Thackerbaw – Committee Chairman

General Mutu Sae Poe – Vice-Chairman

P'doh Saw David Taw – Secretary

P'doh Naw Zipporah Sein - Member

P'doh Saw Roger Khin -Member

P'doh Saw Ah Toe – Member

P'doh Saw Aung Maw Aye – Member

<sup>1</sup> The first peace talks were in 1949 with Anti-Fascist People's Freedom League (AFPFL) Government lead by U Nu; 1958 with General Ne Win; 1963 with the Revolutionary Council lead by General Ne Win; 1995-1996 with State Law and Order Restoration Council (SLORC) and; 2004-2005 with State Peace & Development Council (SPDC).
